Not sure what you know and what you don’t know? Don't miss the LRC Mock Exam sessions! The first hour and 20 minutes will consist of taking an old CEM 142 exam in a typical testing environment, then we will review the exam problems.

Please bring your CEM 142 Exams and Solutions Book and refrain from working the Spring 2011 exam prior to the session.

Please reserve your seat NOW by visiting http://lrc.msu.edu/
